## YOUR LOCAL AWARD WINNING CLINIC

Welcome to the latest edition of the House of Beauty News. As a business, we don't do very much advertising in an effort to maintain our competitive pricing for our valued customers. Advertising is expensive so when we do put out a newsletter you can be guaranteed that it contains some wonderful special offers on the very latest

treatments available, featuring some of the best product brands in the country. The facial offer with free LED is a "must try" treatment for everyone, there are some amazing value packages for pigmentation, acne and red vein conditions that really will deliver outstanding results. Then there is our latest treatment modality Radio Frequency. Our cutting - edge Fractional RF is so new that it is the only one of its kind in the country and will deliver visible results. In this edition we also have

included a terrific product replacement offer and to round things off we have added a massage treat that is awesome value. There really is something for everyone to enjoy!

We look forward to seeing you back in the salon very soon.

Yours in beauty,

*Julie and the team from

## YOUR "FEEL GOOD" FACIAL WITH A DIFFERENCE

Enjoy a superb House of Beauty Treatment Facial for just \$125, but add a turbo charging Red LED session – Absolutely FREE (Valued at \$25)

LED Light supercharges the skin enabling better uptake of nutrients, improving cell turnover and releasing the body's natural "happy" endorphins so your skin just doesn't perform better but you feel amazing as well!

If you have never experienced LED Light Therapy before then this is the next facial you should try!

## RADIO FREQUENCY THE VERY LATEST IN SKIN TIGHTENING TREATMENTS THAT REALLY WORKS!

Radio frequency allows your therapist to place a deliberate and very specific burn deep into the dermis of the skin without burning the surface of the skin. This disrupts the collagen and elastin matrix and allows the skin to rebuild brand new collagen fibres visibly strengthening and tightening the skin. A fabulous treatment for loose or sagging necks, jowls, décolletage, faces even underarms.
